INFRASTRUCTURE & FACILITIES

AUDITORIUM

CT Group of Institutions is known for scripting vertical glory on its horizontal foundations. Another milestone in its horizontal foundation is the Auditorium. In its nascent stage today, it would be completed in the near future and would have a seating capacity of 1500, equipped with state-of-art sound system. It would be an epitome of grandeur that would script history in academics, co-curricular activities day after day in times to come.

SEMINAR HALL

The Seminar Hall, with a seating capacity of 300 serves as a common meeting ground for all kinds of activities that bridge the academia and the industry; the world inside with the world outside. Equipped with the state-of-the art multimedia equipment, it is a perfect place where thoughts get translated into action.

E-THEATRE

CT Group has made another endeavor in the direction of the enhancement of the students by setting up an e-Theatre in its Institution. It has installed VSAT technology in which the students, by sitting in their e-Theatre only, can interact with the corporate world experts across the country and can take an idea about the real corporate world. It boosts the morale of the students because all their queries are solved by the experts of the respective fields thereby escalating their academic stature.
